Sale of 23 Pedigree British Blue Bulls, 5 Females, Embryos

Plus 2 Pedigree Bulls for British Blonde Cattle Society Sale and 2
Pedigree Limousin Bulls.

To be followed by Dispersal of 73 Commercial Suckler Cows
on behalf of RJ Slater & Son, Baschurch.

Shrewsbury Auction Centre, Bowman Way, Battlefield, Shrewsbury Shropshire
SY4 3DR

Saturday 5th March – 2022

9.00am Show Sale 11am

General Information & Sale Notes

METHOD OF SALE

All Pedigree Cattle will be sold in Guineas (105 Pence) and in catalogue order, unless any alterations are announced by the auctioneers, commercial cattle will be sold in £ per head. The Auctioneers reserved the right to split any lot as they see fit. The sale will be conducted under the Livestock Auctioneers association on Conditions of Sale 2018 as amended. A copy will be available at the Auctioneer's office.

CONDITIONS OF SALE – The British Blue Cattle Society have adopted the Auction Rules and Conditions of Sale drawn up by the N.B.A. The sale is held subject to these rules and the Auctioneers' General Conditions of Sale, both available on request. In the event of any discrepancy between the two sets of conditions, the N.B.A. Conditions of Sale shall prevail.

COMMISSIONS & PHONE BIDS

The Auctioneers will dutifully execute commission to Purchaser for buyers unable to attend the sale, provided written instructions are received no later than 24 hours before the sale.

Telephone bids can be arranged by contacting the Auctioneers office.

PEDIGREE TRANSFERS & FEES

All Pedigree animals are eligible for transfer at the vendors cost.

HERD HEALTH

As stated, declared by the vendor in this catalogue or from the rostrum.

SETTLEMENT & CLEARANCE OF STOCK

Settlement in full is due immediately at the close of the sale. No animal may leave without a "Pass Out" from the Auctioneers Office. Purchasers unable to remove their stock on the day of the sale can by arrangement lairage the cattle overnight, all stock left at the farm on this basis are at the purchasers' risk.

EXPORT CONDITIONS

Export Purchasers must make necessary arrangements prior to bidding, the auctioneers will have no liability in this respect

Class 4 – Female born after 1.12.20

Class 5 – Haltered Commercial Steer

Supreme Champion & Reserve Pedigree

AUCTIONEERS FORWARD

What a day we have in store on the 5th of March 2022

Halls are delighted to continue the successful relationship with the British Blue Cattle Society with the addition of the 1st sale on behalf of the British Blonde Cattle Society, which has generated a short notice entry of 2 quality Bulls, also of note are the Limousin Bulls forward at the rear of this Catalogue.

The sale represents a great opportunity to purchase high quality genetics in Bulls & Females, but furthermore in Embryos & Semen, please note the semen will be on site, so bring your flask to sale transfer costs!

Following the sale is a most genuine stock of Commercial Suckler Cows, so come to Shrewsbury, buy yourself a bull and buy the female cows for him to work on, be they Pedigree or Commercial.

If you cannot make the sale Bid Online Via MARTEYE

Jonny Dymond

INSPECTION CRITERIA AT SOCIETY SPONSORED SALES JAN 2022

MINIMUM HEIGHT WEIGHT AND SCROTUM DIMENSIONS This document is published to help members select cattle of the right type and specification, for entry into prestigious sales, held under the auspices of the Society. It also sets out criteria for the Society's Volunteer Inspectors to work to, which in turn, facilitates uniformity across all Society sales. Apart from meeting the minimum standards stated below, pedigree cattle should also conform to the Society's Bylaws, number 1.1 of which states: -

"The definition of the breed's characteristics is as follows: - A long, large bodied beef animal with fine bones, double muscle, sloping rump and hidden hips, strong legs and correct mouth. Coat colour can be black, white, blue, or any combination of these colours that is acceptable to the Council."

1. The ear tag should be clearly legible and the letters and numbers agree with the pedigrees. Animals are required to have been double tagged, as per Ministry regulations
2. Animals must conform to minimum heights and weights specified by the Society's Council. See over for the detailed charts
3. Teeth and jaws should be correct in terms of position and bone structure. A degree of latitude shall be allowed where an animal is cutting teeth. The Chief Inspectors decision is final, with regard to acceptable jaw and teeth configurations. Animals with mildly defective teeth or jaws will be marked in yellow and allowed to be sold through the ring, in catalogue order, with an accompanying rostrum announcement; 'This animal has not fulfilled the Society inspection criteria in respect of jaws and teeth'. Where it is a veterinary decision that the animal be rejected then the animal shall be rejected in the normal way, with no appeal, marked in red and not be permitted to be sold through the ring.
4. The testicles and sheath shall be checked for correctness. Testicles should be of good conformation and consistency, with the Epididymis showing definition. The minimum circumference of the scrotum between 10 and 24 months is shown overleaf. Animals over 24 months must have a minimum scrotal circumference of 33cm.
5. All animals must be in good, healthy condition and free from signs of infectious diseases, such as Viral Warts, Live Ring Worm etc. (A Veterinary certificate must accompany animals if previously treated, this treatment must have been carried out at least 14 days prior to the sale), Mange, New Forest Disease, Lice.
6. All animals should be able to walk correctly, on the day of inspection, with no genetic defects. The general mobility of the animal should be acceptable for practical use and not be detrimental to the breed's reputation. Bulls with an exceptional conformation will be allowed a degree of latitude with regard to mobility

The Council of the British Blue Cattle Society would urge all potential vendors to adhere strictly to these notes when entering cattle into official sales and to seek advice, prior to the sale, if they are uncertain as to whether an animal will pass. This will avoid the disappointment of any of their cattle being rejected by the Inspectors.

Should any cattle be rejected, it is the vendor's responsibility to ensure that the Lot Number is sprayed in red at the time of inspection. Such cattle may be sold privately from the pens, the sale going through the auctioneer's books.

Rejected animals may not be sold through the pedigree or commercial ring at a Society sale

SAFETY A Vendor must not enter for sale, any animal with a potentially dangerous temperament. The Society's Inspectors have the right to demand the immediate removal, from the sale and the sale premises, of any animal, which, in their opinion, demonstrates a temperament, which could be dangerous to the public

All Animals Must Be Halter Trained No Animal Shall Have Horns t is a statutory requirement that any bull over the age of 12 months, sold through a public auction, shall have a ring in its nose ☒ The objective of the Official Society Inspection is primarily in place to raise the breed standard and the inspection panel's decision is intended as a purchasers guide only. Prospective purchasers should satisfy themselves as to the suitability of an animal for their particular requirements. By bidding for an animal, the intended purchaser accepts the Societies and Auctioneers conditions of sale, the animal being theirs at the fall of the hammer. 3 Month Rule – No calf, whether pedigree or commercial, under the age of 3 months will be accepted for either the show, or sale

VENDORS AND PURCHASERS FOR THEIR ATTENDANCE AT
THE 3rd "BLUE GENES" SALE

THE SHREWSBURY AUCTION CENTRE TEAM

QR CODES

In this catalogue we have printed QR code for each animal, this will take you to the web page which will give you full information on pedigree, bar charts and photographs if available

Step 1

Download and install a QR code app on your smartphone if you don't yet have one. Open your App Store, Market, Marketplace or App World application (for the iPhone, Android, Windows Mobile and BlackBerry platforms, respectively).

Step 2

Search for "QR code reader," and then download and install a free app. The app should be named something to the effect of "QR Code Scanner" or "QR Scanner." There are paid versions of these kinds of apps, but the free ones work just as well.

Step 3

Open the QR barcode app on your smartphone, and choose "scan from camera" or "scan QR code" from the main menu. A new window should open with a square in the middle of it.

Step 4

Center the QR code in the middle of the square that's currently displayed by your QR barcode app. The app should automatically take a picture of the QR code for you when it has finished scanning the code. A new pop-up menu will appear, with the QR code information on it.

Step 5

Click the link that was embedded in the QR code, this will direct you to the Society website.
